Members of the Fire Department will not be required to perform repairs or maintenance work to the exterior of any fire station or areas not occupied by or for firefighters or fire fighting purposes. ARTICLE VI

SECTION 1. - HOURS

(a) Commencing as of July 1, 1995, the average workweek for all firefighter shift employees covered by this Agreement shall be forty-two (42) hours per week, based on an eight (8) week cycle. In determining the shift schedule, the Chief of the Fire Department shall elicit the opinions of the Local Union officers in order to arrive at a ten (10) and fourteen (14) hour work shift schedule that is reasonable and mutually

advantageous to both parties. This schedule shall consist of four (4) shifts working two (2) consecutive days of ten (10) hours each (7:00 a.m. to 5:00 p.m.); two (2) consecutive nights of fourteen (14) hours each (5:00 p.m. to 7:00 a.m.); followed by four (4) days off.

SECTION 2. - SUBSTITUTIONS

The right to substitute may be permitted for employees of the rank of 3rd Class and above, provided, however, that the permission to substitute is obtained from the Chief or his designated next in command which permission shall not be arbitrarily withheld.

SECTION 3. - FIREFIGHTING UNITS/RESCUE - OVERTIME

Members of the Firefighting/Rescue Units who are required to work beyond or outside their regular shifts shall be paid at the rate of time and one half. The first thirty (30) minutes of each hour worked outside their regular shift shall be paid based on the amount of actual time worked. If a firefighter works between thirty-one (31) and sixty (60) minutes it will be considered a full hour. All overtime shall be shared as nearly equal as possible among all Department personnel based upon seniority of the Department personnel within each fiscal year.

SECTION 4. - CALL BACK

Members of the Department called back for work shall be compensated for a minimum of three (3) hours at the rate of time and one-half (1 - 1 / 2) and at the rate of time and one-half (1-1/2) for all hours in excess of three (3) hours. For the purpose of this Section, any time worked in any hour after three (3) hours shall be considered a full hour.

SECTION 5. - OUT-OF-GRADE WORK

An employee who is assigned to work in a higher grade or rank shall be paid the full pay of the higher grade or rank. This pertains to Acting Chiefs; deputy chiefs, Captains, and or lieutenants.

In the event that a shift officer is not on duty, a member of the department assigned to that shift, who is of lesser grade, shall be an acting-officer for the duration of the officer's absence. This employee shall be taking from the list of qualified candidates for the officer's position according to highest score. In the event that two (2) members on a shift have the same score, then seniority will be the deciding factor. If there is no member on a shift that is on the current officers list, then the acting officer will be the senior most member who meets the requirements to test for an officer's position. The acting officer will assume the duties and the station assignment of the absent officer.

If a shift officer above the rank of lieutenant is absent from duty, the rate of pay will remain the equivalent to that of a lieutenant. Notwithstanding anything to the contrary, if an officer is working an overtime shift at Station 3 on the shift where the out of rank assignment would be applied the officer shall be considered the ranking officer and any out of rank assignment shall be negated.

In the event that the department maintains more than two (2) officers on a shift; i.e. a Captain and a Lieutenant, then the absence of a Captain will be filled by the shift lieutenant, who will receive out of grade pay. The Lieutenants position will be filled by the above criteria.

In the case an employee is serving out of rank and is injured, he will receive full pay during the period of incapacity based upon the rate of pay of the employee he was filling in for. If an employee is injured while serving out of rank and should be forced to retire, said injured employee shall be compensated at the rate applicable to the position he was serving in at the time of his injury.

In the event that an employee shall reject the higher grade or rank, it shall not be construed as a waiver of his seniority rights and any subsequent situations where seniority would prevail.

SECTION 6. - OVERTIME AND OUT-OF-RANK PAY

All overtime and out-of-rank pay shall be paid the following pay period in which the employee served.

ARTICLE VII

SECTION 1. - CIVIC AND PRIVATE DETAILS

(a) In any case where an employee covered by this Agreement is assigned to a special detail of a private nature for an employer other than the Town, said employee shall be paid the detail pay hereinafter set forth by the individual Corporation or organization for whom said employee is working before or at the end of the detail period.

(b) All employees covered by this Agreement who are assigned to a special detail of a private nature for an employer other than the Town shall be guaranteed a minimum of four (4) hours pay at the rate of time and one-half (1-1/2) the lieutenant's rate of pay plus \$1.00. (e) The union shall maintain scheduling of all details. The Town will be responsible for billing all person(s), vendors, and/or companies for any and all detail work performed by firefighters. Scheduling for private details shall be performed and maintained by the Union through the office of Fire Prevention. The Town is responsible for transferring compensation to firefighters having worked details. The Town shall attempt to transfer compensation to firefighters within two (2) weeks from when the detail(s) work was performed, but not to exceed more than thirty (30) days, unless the Town has not received payment from the person/vendor/company for which the detail was worked. In that case, payment shall be made by the Town within 10 days of receipt of payment to the Town from the person/vendor/company. The Town will be charged with the responsibility to make sure that any person/vendor/company with a history of delinquent detail payments to the Town will be required, before hiring a detail, to place money with the Town at least equal to the detail payment. Where notified in advance by the Union, the Town agrees that it will seek pre-payment of details from the person/vendor/company identified by the Union.

If there be no widow/widower, then to his or her children in equal shares.

SECTION 3. - VACATION SCHEDULE

No later than April 15th of each year the Town shall furnish the Union and the stations a vacation leave roster, listing the personnel by seniority showing the amount of vacation leave to which each employee is entitled.
